MISSION STATEMENT

The Manitoba Maple Leafs organization focuses on female hockey players. We believe in the development of female athletes from the grass roots level who have the desire to excel in sports. Our organization consists of on-ice as well as off-ice training programs that can help female hockey players of any age, from any level, achieve success. We recognize the limited number of options for female hockey players in the province of Manitoba and seek to fill that void by providing a guided, ethical and stimulating environment where athletes can develop into the players they dream to become.

WHO WE ARE

The Manitoba Maple Leafs are a Non Profit Organization committed to the long term growth and development of female Hockey Players aspiring to play CIS, NCAA hockey at the international levels. We seek to partner with business, other organizations, and the community to maximize the success of our athletes, coaches, and administrative staff.

The Manitoba Maple Leafs promotes a balanced lifestyle for all its athletes, where introduction to University is a high priority. The Manitoba Maple Leafs will assist in the transition from high school to University where the athletes will be encouraged to continually compete at the University level.

The vested interest in the Manitoba Maple Leafs is to have these local players return upon graduating from University to participate in the MML Senior Women's National Level Program. The MML Senior Women's team will be playing against various NCAA division I teams as well as Western Women's Hockey teams starting this season.

This organization is a great opportunity for young female hockey players in the province of Manitoba to stay, compete and train in their home province. This will provide many unique opportunities and assist each individual player with the experience and skills they need to be successful in life.

OUR GOAL

Our goal of the Manitoba Maple Leafs is to have a Western Women's Hockey League team in the province of Manitoba. The proceeds of all tournament and programs will go towards future league fees for the WWHL and current MML programs. Your support of our organization is greatly appreciated by MML staff, players, and volunteers.

The MML is always open to new sponsorships, volunteers, ideas, and people that want to help promote elite female hockey in the province of Manitoba.
